

ENVIRONMENTAL POLICY

In the support of Environmental Protection and the goal of improved environmental performance, it is the policy of Williams Brothers Construction Company, Inc. to conduct its operations in accordance with:

1. All local, state and federal environmental rules and regulations,
2. All permit provisions and special conditions, and
3. Industry best practices.

As a leader in the highway construction industry, Williams Brothers Construction Company, Inc. is committed to the preservation of our natural resources. We recycle hundreds of thousands of tons of portland cement concrete and hot mix asphalt concrete each year by processing and reincorporating the materials back into our construction projects.

Williams Brothers Construction Company, Inc. is committed to continuous environmental improvement. Using a "team" approach, our Environmental Director leads the Company's Environmental Committee through regular reviews of the effectiveness company processes and the search for newer and better approaches to protect the environment.
